

City & County of Honolulu, Department of Planning and Permitting Checklist for Residential Building Permit Application

The purpose of this checklist is to provide a **GUIDE** to assist permit applicants as to the minimum information required for plans review for City and County of Honolulu single-family/two-family detached residential building permit applications. If the minimum information indicated below is not provided, the plan review may not be completed in a timely manner and/or denied plan submittal.

Plans shall be of sufficient clarity to indicate the extent of proposed work and show in detail that it will conform to the provisions of all relevant laws and ordinances. The applicant should reference **checklist items to the page number of the application packet.**
